

## The Bank of Pasadena Covenant Church

### **Micro Loans Program Investing in Cross Cultural Ministry**

**Purpose**– Participate in a Micro Loans program in order to learn how seed monies can bear fruit for Kingdom purposes.

**Reason** – To help our congregation understand the process of micro financing because our Easter Offering will support the Paul Carlson Project in partnership with Opportunity International to begin work in The Democratic Republic of the Congo. Opportunity Intl. helps people overcome poverty by providing microfinance services, including lending, saving, insurance and transformational training to people in need which helps people provide for their families and build fulfilling life.

**Opportunity to learn more - Jon Yasuda**, from **Opportunity International** will explain how banking and micro loans work in poverty areas in the same way it will work in Congo. In addition, we will also learn about Pasadena Covenant's Micro Loan Program.

**When:** Sunday, March 14, 9:00 – 10:00 am.
